OVERVIEW: The district continues to introduce new programs providing our students with learning opportunities that enhance classroom curriculum to support the district’s mission: *“Continuous Student Learning.”*

SPECIAL PROGRAMS OR INITIATIVES The District is part of a district-wide school improvement initiative called Summit. Summit Districts develop district knowledge, skills, and capacity to lead and support consistent, sustained, and dramatic increases in student achievement in all district schools. The following student achievement goals drive our work:

✦ All Summit District students, regardless of ethnicity, economic level, language, or special education, meet or exceed state standards in reading, writing, and mathematics.

All Summit District students graduate and are ready for college and career.

As a Summit District we accept the challenge of raising achievement for all students to new heights. Summit educators assist in the development and field testing of improvement strategies which are intended to develop and expand the knowledge base, tools, and training to support a systems approach that can, with sufficient funding, be eventually scaled statewide.
