OVERVIEW: Naches Valley School District - Excellence in Teaching and Learning

We have pride in our schools, our teachers, and our students. Our teachers here in Naches Valley work hard every day to deliver excellent teaching, and demand excellence in learning from each of our students. As a small school district with one primary, intermediate, middle and high school in our community we are able to give each child individual attention in directing their growth and learning. We strive to ensure our students are 1) safe, 2) orderly (self disciplined and able to work in groups) and 3) learning at a high level. Our community of Naches Valley works closely with the schools and students to support our work so the schools can in turn support the community.
